SMITH'S WOOD ACADEMY

Home learning activities

Years 10, 11

Subject
ICT
Year Group
Year 10 & 11
Unit of work
R012 - **Understanding tools, techniques, methods and processes for technological solutions**
Activities
All students will receive an email from Mr Dodd on Monday mornings with the work for the week. This will consist of a worksheet and a Microsoft Forms Knowledge Check. Also included in the email will be a copy of the relevant Knowledge Organiser, and links to other sites / resources to support the work. Students have until the Friday of that week to return the work to a named member of staff (included in the email). Students will require access to their Academy emails in order to complete these tasks.
Where do you complete the work?
Home computer with access to the internet.
What to do if you finish the work? (Extension activity)
Copy out Knowledge Organisers
