

Monday 6th July

Title: Line Judge

Learning Objective: to be able to identify the similarities and differences between officials

Task: List the similarities and differences between a **football referee** and **badminton umpire** (explain at least 3)

Similarities	Differences
<p>e.g. A football referee is similar to a badminton umpire because both officials are in control of the game and have the final decision.</p>	<p>e.g. A football referee needs a higher level of fitness because they have to be on the pitch, keeping up with play for 90mins. However a badminton umpire is static and sat on a chair so does not need good levels of fitness.</p>

Similarities and differences to consider...

- The position on the court / pitch
 - The roles and responsibilities of the officials (covered in previous weeks)
 - Fitness levels
 - Qualifications / experience required
 - Skills and qualities e.g. decisiveness, firm, fair
 - Uniform
 - Equipment required
- You decide whether each one of these is a similarity or difference and explain why.**
