Key Skills:

I am a confident communicator and demonstrate a high level of listening skills proved through my work experience placement and my performance in Spoken Language which is taught as part of my English GCSE. I am a positive person who will always try to see the best in every situation and look for solutions to solve problems. I have initiative to work alone on projects and my studies, but I also enjoy being part of a team, demonstrated by my commitment to Bromford Lions football team which I play for on a weekly basis. I am a friendly and caring person, which has allowed me to mentor younger students who have been bullied as part of my school's anti-bullying strategy. I always follow school rules and I wear my uniform with pride. I have excellent attendance and punctuality, which is evidenced by certificates I have been awarded in school.

Interests and Achievements:

I enjoy playing sports in my spare time; I have represented the school on a regular basis and also play in a local Sunday league team, in addition to training twice a week. I take my fitness seriously and cycle for three miles twice a week. I also have a daily paper round, which enables me to earn some money. I always take turns with my sister to make sure the family dog is walked twice daily. When I am not studying or training I like to spend time with my family and friends, read adventure books and watch action films. I have also received certificates for having 100% attendance and an award for making progress in Science, which I am proud of. I also enjoy building models with my Grandad and we have built a model Tower of London out of match sticks, this demonstrates my patience and commitment to finishing a project.
