This section provides details of the purpose of this document, as appropriate to our centre:

The purpose of this policy is:

- To ensure that teacher assessed grades are determined fairly, consistently, free from bias and effectively within and across departments.
- To ensure the operation of effective processes with clear guidelines and support for staff.
- To ensure that all staff involved in the processes clearly understand their roles and responsibilities.
- To support teachers to take evidence-based decisions in line with Joint Council for Qualifications guidance.
- To ensure the consideration of historical centre data in the process, and the appropriate decision making in respect of, teacher assessed grades.
- To support a high standard of internal quality assurance in the allocation of teacher assessed grades.
- To support our centre in meeting its obligations in relation to equality legislation.
- To ensure our centre meets all requirements set out by the Department of Education, Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.
- To ensure the process for communicating to candidates and their parents/carers how they will be assessed is clear, in order to give confidence.

2. Roles and responsibilities

This section of our Centre Policy outlines the personnel in our centre who have specific roles and responsibilities in the process of determining teacher assessed grades this year.

Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre:

Head of Centre

- Our Head of Centre, Katy Craig will be responsible for approving our policy for determining teacher assessed grades.
- Our Head of Centre has overall responsibility for the academy as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.

- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will:

- provide training and support to our other staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Head of Department Checklist is completed for each qualification that they are submitting.

Teachers/ Specialist Teachers / SENCo

Our teachers, specialist teachers and SENCo will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.
- securely store and be able to retrieve sufficient evidence to justify their decisions.

Examinations Officer

Our Examinations Officer will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.

3. Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.
- Subject Leaders may take part in wider multi-academy trust standardisation training where appropriate, supported by trust leaders. They will take any learning and share with subject teachers as appropriate

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.

4. Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.
- We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- We will use substantial class or homework (including work that took place during remote learning).

- We will use internal tests taken by pupils.
- We will use mock exams taken over the course of study
- Where available we will use current exam board markers who are on the schools staff body to carry out marking standardisation processes and/or outsource marking to external approved marking organisations.
- We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.
- **Specifically, we will be using the following evidence sources to generate grades that are accurate, valid and objective and that are guaranteed to be authentic:**
 - **Supervised 'High-control tests assessments in formal exam conditions';**
 - **Evidence that shows improvement in work over time in direct response to teacher feedback,**
 - **In-class assessments carried out in exam conditions;**
 - **Use of NEA such as coursework and performances completed in the Academy under direct teacher supervision and where appropriate, validated by exam board moderation processes.**
- **Specifically, we will not be using the following evidence to generate grades:**
 - **Work where its authenticity cannot be guaranteed (For example where assessments were completed during remote learning);**
 - **Assessments completed in 'low control' conditions where the authenticity of work cannot be guaranteed;**
 - **Assessments where the standardisation process has not been checked and quality assured by Academy Leaders.**

We provide further detail in the following areas:

Additional Assessment Materials

- **Where appropriate**, we will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- **Where appropriate**, we will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- **Where appropriate**, we will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.
- We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

5. Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Our teachers will produce an Assessment Record for each **subject cohort** and will share this with their Head of Department. Any necessary variations for individual students will also be shared.
- **Additional guidance and training has been provided to leaders and teachers across the Academy to allow them to reach a fair and objective grade, which is free from bias;**
- **'Assessment Portfolios' have been produced by Subject Leaders outlining the full process of awarding grades in addition to the documents provided by JCQ. Assessment Portfolios were scrutinised by the Deputy Head of Academy and authority given to proceed only when criteria outlined by JCQ was satisfied.**

6. Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process, and this may extend to the wider multi-academy Trust.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
 - Arriving at teacher assessed grades
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre or the Trust.
 - **This will be:**
 - **BTEC Media Studies – reviewed by the Deputy Head of Academy;**
 - **BTEC Health and Social Care – reviewed by the Deputy Head of Academy;**
 - **BTEC Music – reviewed by the Deputy Head of Academy;**
 - **GCSE Art and Design – reviewed by the Deputy Head of Academy;**
 - **GCSE Religious Studies – reviewed by the Deputy Head of Academy.**
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.
- **In addition to in-school standardisation, we have benefited from**
 - **Trust wide standardised assessments in**
 - **GCSE Mathematics;**
 - **GCSE English (Literature and Language).**
 - **School to school links in the following subject(s):**
 - **GCSE Mathematics;**
 - **GCSE English (Literature and Language);**
 - **GCSE Science;**
 - **GCSE History;**
 - **GCSE Fine art;**
 - **GCSE Drama;**
 - **BTEC Music.**

In addition to the JCQ Assessment record provided for each subject, subject leaders were required to produce an 'Assessment Portfolio' whereby the process outlining the awarding grades was fully detailed. Assessment Portfolios were scrutinised by the Deputy Head of Academy and authority given to proceed only when criteria outlined by JCQ was satisfied.

7. Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will enter into quality assurance dialogues with our Trust executive leaders (Director of Education) about our 2021 outcomes against 2017-19 performance and discuss the basis of any results which appear anomalous
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale;
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021, including Fisher Family Trust;
- **Should analysis of grades indicate that any significant improvement or significant under-performance vs previous years outcomes is not aligned with the evidence provided and are therefore not accurate or reliable, the Deputy Head of Academy and Head of Academy reserve the right to insist on a complete review of the subject grade awarding evidence supported by independent colleagues from other MAT schools;**
- **Following this process, should the Head of Academy and Deputy Head of Academy still remain unsatisfied that the grades awarded are accurate and reliable, they reserve the right to change grades in accordance with the evidence provided.**

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.
- We will not include in the historical data cohorts that are statistically insignificant due to their size.

8. Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

9. Addressing disruption/differentiated lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student;
- **Grades will only be awarded based on assessment of work completed outside of significant disruption to learning and teaching. This is defined as teaching that took place remotely throughout the period of study;**
- **Subject Leaders in the Academy were instructed to adjust the structure of their curriculum plans to ensure as close to the full breadth of the specification could be delivered (and therefore assessed) as possible;**
- **Subject review meetings between the Head of Academy and Deputy Head of Academy took place in January 2021 to support and scrutinise this process.**

10.Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed; and
- Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

11.Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.

- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

The following additional scenarios have been considered as part of this process:

- **National lockdown and closure of schools:**
 - All assessment evidence related to the awarding of grades will be kept in an agreed, secure location within the Academy to be accessed by the Head and Deputy Head of Academy should the subject leader be unable to access;
 - All assessment data is to be recorded centrally using Microsoft Teams which can be accessed from outside of the Academy;
 - The Exams Officer and Deputy Head of Academy have been trained in how to access the relevant websites for entering grades;
 - All Academy Leaders have been trained and can access the relevant internal data recording and analysis systems;
 - All Academy Leaders have been briefed on the full process along with deadlines and key dates.
- **Cyber-attack:**
 - The Academy and external IT provider will ensure the following to reduce the possibility of a Cyber-attack:
 - boundary firewalls and internet gateways — establish network perimeter defences, particularly web proxy, web filtering, content checking, and firewall policies to detect and block executable downloads, block access to known malicious domains and prevent users' computers from communicating directly with the Internet;
 - malware protection — establish and maintain malware defences to detect and respond to known attack code;
 - patch management — patch known vulnerabilities with the latest version of the software, to prevent attacks which exploit software bugs;
 - whitelisting and execution control — prevent unknown software from being able to run or install itself, including AutoRun on USB and CD drives;
 - secure configuration — restrict the functionality of every device, operating system and application to the minimum needed for business to function;
 - password policy — ensure that an appropriate password policy is in place and followed;
 - user access control — include limiting normal users' execution permissions and enforcing the principle of least privilege.
 - The Academy will ensure all data related to the awarding of teacher assessed grades is stored in a safe, secure on-line location including (but not limited to):
 - Microsoft Teams;
 - Microsoft Office;
 - Hard drives;
 - Paper copies (where appropriate and safe to do so).

12. Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

Robust mechanisms, which will include

- **Supervised tests/assessments,**
- **Evidence that shows improvement in work over time in direct response to teacher feedback,**
- **In-class assessments carried out in exam conditions;**
- **Use of NEA such as coursework and performances completed in the Academy under direct teacher supervision and where appropriate, validated by exam board validation processes;**

All will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.

- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by the following awarding organisations to support these determinations of authenticity.
 - AQA;
 - Edexcel;
 - Pearsons;
 - OCR.

13. Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.
- All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.
- Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.

14. Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

B. Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.
- All staff involved have been made aware of these policies, and have received training in them as necessary.
- All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:
 - breaches of internal security;
 - deception;
 - improper assistance to students;
 - failure to appropriately authenticate a student's work;
 - over direction of students in preparation for common assessments;
 - allegations that centres submit grades not supported by evidence that they know to be inaccurate;
 - centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;
 - failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and
 - failure to keep appropriate records of decisions made and teacher assessed grades.
- The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

15. Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.

16.External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

- All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the **JCQ Guidance**.
- All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.
- All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.
- Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation.
- All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.
- Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.
- Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.

17.Results
