

Year 10 – Health and Social Care	
Summary of curriculum	<p>Health and social care is one of the fastest growing sectors in the UK with demand for both health and social care employees continuously rising. In 2019/20, the adult social care sector contributed approximately £41.2 billion a year to the UK economy. Social care employees, such as care assistants and social workers work with individuals to support them to be as independent as possible in their own homes, in care homes or nursing homes. Healthcare employees, such as doctors, pharmacists, nurses, midwives, healthcare assistants and physiotherapists, work with individuals to enhance their quality of life by improving their health. Approximately 3 million people are currently employed in the sector. In 2019, it was estimated that by 2035 approximately 2.17 million health and social care job vacancies will need to be filled. Students at Smiths Wood academy have an opportunity to study this course and make a difference in this section.</p> <p>This Pearson BTEC Level 1/Level 2 Tech Award in Health and Social Care course consist of 3 components:- Component 1- Human Lifespan Development Component 2- Health and Social Care Services and Values Component 3- Health and Wellbeing</p>
