*I'm a great believer in Geography being destiny - Abraham Verghese*

## What to Read

### WHAT ARE WE LEARNING?

7

Formal Assessment and reliance on resources

8

Formal Assessment and Tonga's Eruption in 2022

9

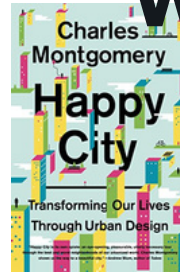

The influence of Colonisation on trade

10

Energy consumption, tourism and water supply.

11

Mocks and reducing development

### REVISION TIP

Year 10 - Make yourself a case study sheet on Typhoon Haiyan

Year 11 - Can you make yourself a set of question and answer flashcards on development?

In the News

COP28 is set to take place in Dubai this year. A United Nations world climate summit, COP28 is taking place in one of the world's top 10 oil producing nations - is this really a wise idea? This year, COP28 is set to focus on continuing to slash the product of greenhouse gases as well as increasing the monetary compensation provided to low income countries from developed countries producing the majority of the gases.

### Meteorologist

### CAREER PICK

Meteorologists predict the weather and study the causes of causes of weather conditions. You'll use computerised and mathematical models to make short and long-range forecasts concerning weather and climate patterns.

- Numerical skills
