

Ready to learn packs

Why are they important?

Students

- We bring a full pack because **we are ambitious**, we do not waste any learning time in our lesson.
- We bring a full pack because **we are respectful** to other students ensuring we are not wasting any of their learning time.

Staff - Example

- Will ask their class a question. If they have their mini whiteboard and pen, a student can respond to this question, demonstrating their understanding of the topic. This allows the teacher to know whether they should move their lesson on and/or which students may need some additional support.

Ready to learn pack – Key information

Shared with students in assembly

- We have discussed the importance of being 'Ready to Learn'. Therefore, you need to attend each lesson with your Ready to Learn pack. This will reduce barriers to you learning within that lesson.
- If a student is missing a piece of equipment their tutor will log this and log a negative point and lend them the piece of equipment for the day. The student is then expected to bring in the missing equipment the following day.
- Equipment can be purchased on Parent Pay and will be delivered by our office staff to the student.
- On the third occasion a student is missing equipment they will receive a 30 minute detention and each time after this. This will refresh each month.
